Out-of-home placement is the last option considered when reasonable efforts to protect a child in his or her own home have been exhausted by OCS. The first preference considered in all out-of-home placements for a child or youth is a relative's home. When it is not possible to place a child with a relative it is necessary to place the child in a licensed foster home. Residential care facilities may offer short-term emergency shelter as well as more long-term residential treatment.

\*The Western Region was created on July 1st, 2010, and includes the communities of Aniak, Bethel, and St. Mary's. These were formerly part of the South Central Region  
Data Source: ORCA. Program used to tabulate statistics: monthly\_ooh\_web.sas.

Data in this report is current as of February 8, 2011. Subsequent reports with the same date parameter will contain up-dated statistics.
